

Freediving safari among the Croatian islands Stage, SSI courses and Recreational Freediving

When and where

We will start on July 7st 2018 in the early afternoon from Zadar and we will return the morning of the 14th July 2018.

Objectives

The key words of this event are "Technical Freediving, Recreational Freediving and Spearfishing".

This slogan tries to express in three concepts the life aboard set up and designed by Federico Mana and Ghigo Minak.

The safari, in fact, wants to change radically the classic concept of stage and propose real recreational activities for all participants.

The daily program foresees training activities with the aim of improving breathing, equalization and diving techniques, to apply them later on to enjoy the magnificent scenery offered by the Croatian sea.

Every day, in fact, recreational Freediving sessions are scheduled during which you will be able to dive in sites of rare beauty. On our route there are several wrecks at accessible depths, small caves and passages, cliffs and everything a Freediver could want.

Boat accommodation and Route

AGRAMER I, 24 m steel / aluminum Yacht

- 5 double cabins with private bathroom
- Two lounges, fly bridge, sunbathing and large area for outdoor dining.
